**COMMENTS FROM THE GENERAL PUBLIC**

1. Herschell Murray with the Recreation Committee asked for clarification on a change to the budget and hours for the Recreation Director position since the last meeting when it was presented as a full-time position. His understanding is that the position had been cut by 2 hours per week. He wanted to impress upon the Board that Waterbury is a destination and the benefits of having a salaried full-time Recreation Director is important to the Town.
2. Bill Minter, also with the Recreation Committee, expressed a concern with what the process was after understanding that the position of Recreation Director would become a full-time position.

Chris Nordle explained, on both concerns, that cuts had to be made to the proposed Town budget - the position of Recreation Director was one of several budget areas that was cut back from the budget that was initially proposed. The position is still more hours than in prior years. The Select Board understands the concerns of the Recreation Committee.

#### **DISCUSS WARNING PUBLIC HEARINGS ON DRAFT ZONING AMENDMENTS**

The Select Board and Trustees discussed warning hearings on Draft #3 of the Amendments to the Flood Hazard Area Regulations and Draft #2 of the Campus & Downtown Area Zoning Amendments.

A Select Board member was concerned with moving forward with amendments to the Flood Hazard Area Regulations that the Board may not be fully in support of, specifically regarding the amendments regarding elevating new construction.

It was pointed out that the next step is to warn the hearing and receive public input and at that point a decision can be made to approve or deny the regulations as drafted or to make substantial changes and then the revised amendments would be warned for a second Select Board / Trustee's hearing and the Planning Commission would be asked to provide their comments on the proposed additional changes.
