

Lister's Meeting

June 7, 2016

Present: Tom Vickery, Appraiser, Dan Sweet, Bill Woodruff & Phil Baker, Listers

Meeting opened at 1:30pm

- 1.) The progress of the 2016 grand list was discussed with the anticipation that all inspections would be done by 14th or 15th of June. A 25 page packet was passed out showing the listers the changes that have been made so far. Discussion was made on some of the values but no changes were made at this meeting. Any corrections would be made at the Lister's Grievance Hearings.
- 2.) It was decided that the Listers would be notified on which of these dates the 2016 Grand List would be lodged and notices mailed out so they could come in to sign the GL.
- 3.) It was decided to hold grievances on either the 29th or 30th of June from 9am to 2 pm depending on the date that the GL was lodged. The preferred date is the 29th.

Paul Arnot appeared before the Board to discuss the valuation of developments. There was good discussion by both sides on the issues. It was left that the discussion would continue in 2017 for the 2017 GL as the infrastructure would then be in place for the remaining 15 lots. No decision concerning the value of his property on the 2016 GL value was made at this meeting.

Meeting adjourned at 3:12 pm
