

Waterbury Cemetery Commission

November 4, 2014 meeting minutes

Present: John Woodruff, Ed Brown, Betty Jones, Barbara Walton, Jack Carter

Minutes of October 7th meeting approved.

Old Center Cemetery. Building permit has been granted for the shed. Shed has been ordered and will be delivered soon. Ed has contacted Celia, Highway Dept. for sand as a base for shed.

Hope Cemetery. Matthew Fitzgerald has begun to clean stones. He is focusing on the granite stones on left side of upper cemetery by pressure washing and using a cleaning solution. Marble markers are also being cleaned with DR2 solution. Stones in that area of the cemetery are affected (stained) by lack of sunshine and pollen from cedar and other trees. It is encouraging to see stones cleaned.

Discussion about buying back a lot deed. An owner wants to relinquish a lot in Maple Street. It was agreed to buy back lot if owner wants to sell it for what the owner paid for it in 1988.

Discussion about proceeding with electronic format for records. Barbara has looked into the process. Perhaps Chad might be able to help.

It was proposed that we set up a 5 year plan for purchasing equipment.

Meeting adjourned at 5:15pm. Next meeting December 2nd – 4:00pm

Respectfully submitted,

Jack Carter
