

Waterbury Conservation Commission
Meeting Minutes
October 21 2014

Present: Heather O'Wril, Joan Beard, Allan Thompson, Steve Hagenbuch,

- Agenda for the October 1st meeting was approved with edits to names present.
- We reviewed the Wallace discussion with VLT and members from the public noting its value but with few tangible achievements. Rosina circumstances are unfortunate, but will be difficult to assist with. Unless Rosina or others make specific and legitimate requests, WCC will not spend more energy on Blush Hill/Rosina Land or farm properties.

- This led to the need to have specific properties where proactive conservation measures can be achieved. This may be subsequent to strategic planning events.

- Jim Andrews Event
 - Worked on and proposed edits to the title. Allan will modify.
