Letter of Support

Roger Clapp

Executive Director, Revitalizing Waterbury

PO Box 473

Waterbury, VT 05676

Dear Mr. Clapp,

We are writing to express our support for the application for a Planning Grant from the Recreation Trails Program and the Waterbury Pathways Project initiative, which hopes to connect and increase access to at least six pedestrian and bike trail networks within Waterbury.

One of these trails is located on our property in the village. Since we moved to Waterbury in 2003, we have granted access to our neighbor, the local elementary school, to use our property for educational activities, recreation, winter cross-country skiing, and snowshoeing. We also have, for many years, maintained trails for pedestrian traffic that are regularly used by the community throughout the year.

In this project, we plan to work with RW and Waterbury Pathways partners on a plan to incorporate trails on our property in the Thatcher Brook Meadow, as well as to integrate improved flood mitigation with non-motorized recreational use and connectivity to adjacent trail networks.

Best of luck, and thank you for your hard work.

Sincerely,

Matthew and Sara Moran
