About Vermont's Education Tax

There are two education tax rates: "homestead" and "non-homestead". Bills may show one or both rates. If you filed a Homestead Declaration (HS-122) this year and have no business or rental use, your bill will show only the homestead education rate. If you filed the Homestead Declaration form and you have business and/or rental use, your bill should show both the homestead and non-homestead rates based on the relative percentage of homestead and business or rental use.

If the property is not your primary residence, you cannot declare it as your homestead. Your bill will show only the non-homestead rate.

Homestead Declaration

To have your property tax adjustment applied to your tax bill, every year, you should file your Vermont Homestead Declaration (HS-122). Property owners whose homes meet the definition of a Vermont homestead must file a Homestead Declaration by the annual filing deadline. If you filed your Vermont Homestead Declaration after April 15, 2025, your Property Tax Credit may not appear on the enclosed tax bill. Vermont taxpayer services are available to answer your questions at 802-828-2865. Mon/Tue/Thur/Fri 7:45am to 4:30pm.
