TOWN OF WATERBURY ZONING PERMIT APPLICATION

Please provide all of the information requested in this application. Read the Zoning Regulations and familiarize yourself with the requirements. Failure to provide all the required information will delay the process of this application. Based upon the nature of the project you may need to submit additional information. For instructions on how to fill out this form please refer to the *Zoning Permit Application Instructions & Fee Schedule* available on the municipal website or at the municipal offices. Submit one copy of the completed application and a check payable to the *Town of Waterbury* according to the zoning fee schedule. For questions about the permit process, please contact the Zoning Administrator at 802-244-1018.

TOWN OF WATERBURY SITE PLAN REVIEW INFORMATION

This Site Plan Review information sheet supplements the Zoning Permit Application. Please provide all of the information requested on both forms. Read the Zoning Regulations and familiarize yourself with the requirements. Failure to provide all the required information will delay the process. Submit one copy of the completed forms and a check payable to the Town of Waterbury according to the zoning fee schedule. For questions about the permit process please contact the Zoning Administrator at 802-244-1018.

PROJECT DESCRIPTION

Brief description of project: Adding exterior stairs from our deck to the 2nd floor. They won't go beyond the current footprint and are not enclosed, with all the same materials for roof, clapboards, & stairs as the existing structure have.

SITE PLAN REVIEW CRITERIA

Please utilize the check list to ensure your proposal addresses each relevant Site Plan Review criteria:

- N/A Adequacy of traffic access
- N/A Adequacy of circulation and parking
- Adequacy of landscaping and screening (including exterior lighting) - light is screened by roof line
- N/A Requirements for the Route 100 Zoning District
- N/A Special considerations for projects bordering Route 2, Route 100, or Interstate 89

SITE PLAN SUBMISSION REQUIREMENTS

Before an application for site plan review is considered complete, the applicant shall file a site plan, clearly drawn to the largest practical scale, showing the following:

- Location and dimensions of lot lines, names of adjacent landowners, all easements, utilities, and existing and proposed structures. unchanged
- All access to public streets or roads, parking and service areas, pedestrian walkways, curbs and stormwater drainage. unchanged
- Pedestrian and vehicular circulation, including parking lot layout, entrances to structures, signs, and lighting.
- Building elevations and footprints. unchanged
- Detailed site grading and landscaping, indicating existing and proposed trees, shrubs, and ground cover. unchanged
- Two copies of all plans. - e-mailed + 1 copy
- For plans larger than 11"x17" please submit a digital plan set in addition to the paper copy (pdf. file format).

see above
below
notes

One exterior light was added to illuminate stairs for safety, but the roofline is lower than the light so there is adequate screening for adjacent neighbors.

TOWN OF WATERBURY OVERLAY DISTRICT INFORMATION

This Overlay District information sheet supplements the Zoning Permit Application. Please provide all of the information requested on both forms. Read the Zoning Regulations and familiarize yourself with the requirements. Failure to provide all the required information will delay the process. Submit one copy of the completed forms and a check payable to the *Town of Waterbury* according to the zoning fee schedule. For questions about the permit process please contact the Zoning Administrator at 244-1018.

PROJECT DESCRIPTION

Brief description of project: Adding Stairs to second floor for egress - not enclosed, in location where existing porch & deck are, same style as current structure.

Fill out only the relevant section(s) & utilize the following checklists to ensure your plans include all the required information.

DOWNTOWN DESIGN REVIEW OVERLAY DISTRICT (DDR)

DESIGN STANDARDS:

For **Historic Structures** (applying to all structures listed on the National Register of Historic Places):

- Original materials or materials typical of the architectural style are preserved or replaced with like materials to the extent feasible and appropriate.
- Historic building features shall be preserved or replicated to the extent feasible and appropriate.

For projects within the Historic/Commercial Sub-District:

- New building designs shall reinforce historic streetscape patterns, including orientation and setbacks.
- New buildings shall maintain overall height, size, massing, scale, and proportions compatible with those of buildings in the vicinity.
- New additions are designed to complement and be compatible with the original structure.
- Project design reinforces a pedestrian streetscape.
- On-site utilities shall be buried and utility boxes are screened from public view if the utilities along the street serving that structure are also buried.
- Buildings, or portions thereof, having eaves heights of 20-foot or less above ground level incorporate moderately to steeply pitched roofs, unless the another roof type is appropriate.

For projects within the Mixed-Use Sub-District:

- Building sites, including road and pedestrian networks, are designed in a manner that is integrated and compatible with adjoining parcels and areas.
- A proposed project located next to or facing a historic structure incorporates similar or complementary building features.
- New buildings are oriented to front upon, and relate both functionally and visually to, primary access roads.
- On-site parking is situated to the rear or on the sides of structures, where feasible and appropriate.
- The primary facades of principal structures are clearly defined through the placement of one or more prominent entryways, pedestrian walkways, or landscaping features.
- Building facades and rooflines are designed so as to reduce the perceived mass, scale, and uniform impersonal appearance of large buildings and additions, and to provide visual interest.
- Clearly defined pedestrian walkways are provided through parking areas, between buildings, and from public sidewalks to the site.

SUBMISSION REQUIREMENTS:

- All information required under Site Plan (see Site Plan Application)
 - Proposed architectural elevations (for each exterior wall) showing door and window types and placement, and other exterior details - added 1 exterior door of same style as existing.
- A description of all materials to be used on the exterior of building - same materials (clapboards, roof stairs, etc. as existing house)
- Photos of the existing building(s) on the site and adjacent and facing parcels
- For demolition of a structure listed on the National Register of Historic Places see additional requirements within the Regulations.

Comment Table 1 - Level 1
We added stairs on the (C) side of the front of the house. They extend 2'10" approx. onto the existing deck beyond the previously existing porch. The roof also is within the previous footprint.

Comment Table 2 Comment Table 3

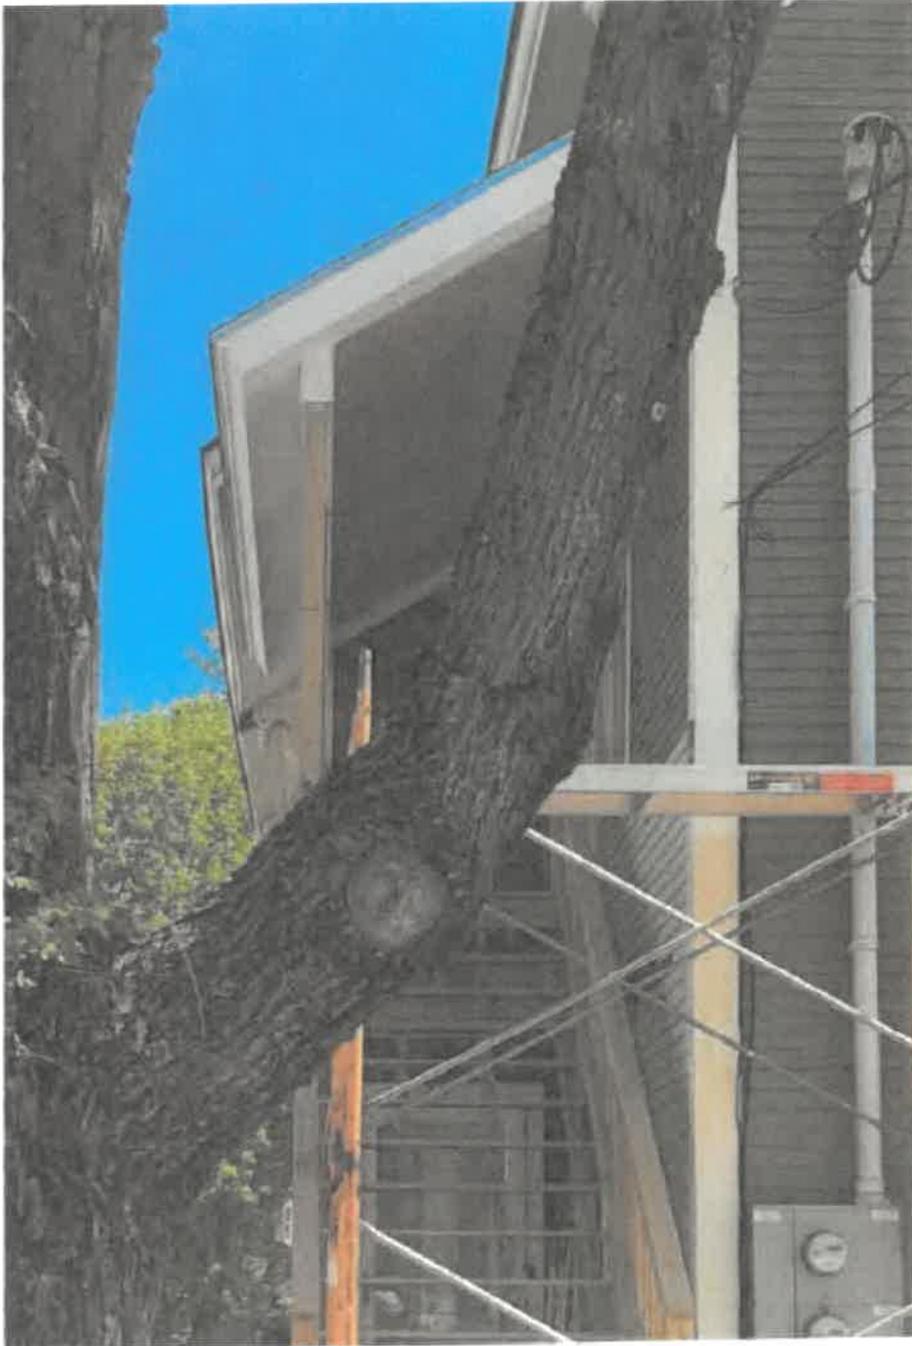

There is a landing at the top of the stairs to the 2nd floor = 4'8" approx. The roof doesn't extend beyond the previous roofline.

No Change to third floor

ITEM NUMBER 7

PAGE 6

Doorway obscured by enclosed, pedimented entrance porch.

21. House, 8 Winooski Street: 2-story, 3-bay, sidehall plan frame house, clad in asbestos siding, has prominent brick chimney addition on facade. Simple door enframingent consists of pilaster strips and entablature board and encloses 3/4 sidelights. Large 1-story porch wraps around facade and part of west elevation.
22. House, 6 Winooski Street: 2-story, 5-bay, gable-roofed frame house is clapboarded-sided. Door is surrounded by very narrow partial sidelights, is recessed, and has a course of large dentils set into its reveal. Small frame entrance porch has chamfered posts and scroll-sawn brackets.
23. House, 4 Winooski Street: 1 1/2-story, frame, sidehall plan house is clapboard sheathed, has gable end to street. First story of facade is covered by porch with simple sawn decoration.
24. House, 2 Winooski Street: 1 1/2-story, gable-front frame house is sheathed in asbestos shingles. Central entrance. Partially enclosed facade porch is supported on lathe-turned posts.
25. House, 18 North Main Street: 2-story, 2-bay, frame house is sided in thin clapboards, has Greek Revival details: corner pilasters, eaves returns, gable-front orientation. Large facade porch of turned components and thin columns terminates in gazeboed extension at its northern end.
26. House, 23 North Main Street, Italianate Style, c. 1860: The 2 1/2-story gable-front frame house, sheathed in narrow clapboards, features a T-shaped plan and incorporates 2 pent-roofed porches in the recesses formed by the two intersective axes. It has a brick foundation and slate-sheathed gabled roof. Its roofline is enlivened by a deep, boxed cornice housing paired inchboard brackets with pendants, and a shaped fasciboard.
27. House, 21 North Main Street, Greek Revival/Italianate Style, c. 1855: The appearance of a shaped fasciboard and bracketed cornice identical to that of its Italianate neighbor, (#26 in district) suggests a common builder for the two houses. The 2 1/2 story, frame, sidehall plan house exhibits late Greek Revival characteristics: gable-front orientation, and door surrounded by elongated 1/1 sidelights and enframed by a panelled and battered crosssetted architrave. Windows throughout the house are 2/2 sash.

25 N. Main St, (#201)

Waterbury Village Historic District (Amendment
/Boundary Increase)
Name of Property

Washington, VT
County and State

Wood frame, 2 story, gable front, sidehall plan house with vinyl siding and ribbed metal covered roof. The appearance of shaped fascioboard and bracketed cornice identical to that of its Italianate neighbor, at 23/25 North Main Street suggest a common builder for the two houses. The decorative Greek Revival-style entrance with elongated 1/1 sidelights and enframed by a paneled and battered crosssetted architrave has been replaced with modern materials in a simple design, 2/2 wood sash have been replaced with 6/6 vinyl windows. A rear ell with side porch connects the house to a 1 ½ story, modernized, gable front barn.

200A. Contemporary, 2-story house, non-contributing due to age.

201. 23/25 North Main Street, duplex, c 1860. Contributing.

Wood frame, 2 ½ story, gable front, front-facing T-plan duplex with clapboard siding and asphalt shingle covered roof. This Italianate-style house is supported on an exposed brick foundation and incorporates a one-story bay window centered on the façade with bracketed cornice, and 2 pent-roofed entrance porches in the recesses formed by the intersecting axes. Paneled entrance doors have paired, round arch lights. The roofline is enlivened by deep, boxed eaves with paired brackets with pendants and a shaped fascia board. Windows are uniformly vinyl replacements. A rear ell with two story porch connects to a two-bay carriage barn converted to a garage.

202. 27 North Main Street, Duplex, c. 1870. Contributing

Wood frame, 1 ½ story, gable front duplex with wood shingled walls and asphalt shingle covered roof, supported on an exposed brick foundation. The full façade porch features paired, square posts resting on a shingled half wall, and shelters two windows to the north and two entrance doors to the south. The outstanding façade feature is the decoratively carved vergeboard in the gable. Windows have been replaced with 4/1 vinyl double hungs. A 2-story bay window penetrates the eaves on the south elevation, behind which is a frame ell with side porch and dormer windows.

202A. 1 ½ story, gable front garage with wood doors and double hung gable sash, contributing.

203. 29 North Main Street, house, c. 1860. Contributing.

Wood frame, 2 story, gable front, sidehall plan house vinyl siding and standing seam metal covered roof. The south bay entrance sheltered by a shallow hipped roof porch supported on Tuscan columns. Cornerboards, widow casings, and returning eaves are clad in vinyl, windows throughout the house are vinyl replacements. A rear ell with Tuscan columned side porch connects the house to a large 2 ½ story barn – substantially altered and enlarged.

204. 31 North Main Street, House, c.1880. Contributing.

Wood frame, 2 ½ stories, gable front house with an asphalt shingle covered roof and vinyl siding. This Italianate-style house, now an office building with two substantial rear additions, is distinguished by first story bay windows on the façade and north elevation, and a sidehall entrance sheltered by a flat roof supported by heavy scrolled brackets. An exterior brick chimney
