Agenda review and possible modifications

Due to time limitations, Flood Resilience and Energy were postponed to the next PC meeting.

Announcements and General public comments

Alex Belenz and Julia Randall from the SE Group attended the meeting.

Municipal Plan Update Tasks:

Review of revised Aspirations-Goals-Strategies prepared by the SE Group for Natural Resources and Transportation.

The Planning Commission met with Alex Belenz and Julia Randall from the SE Group to review their updated Aspirations, Goals and Strategies documents for the Natural Resources chapter and the Transportation chapter. These updates came from the public participation comments received during the Aspirations, Goals and Strategies public meeting for the Natural Resources and Transportation chapters.

Comments and suggestions were made as the documents were edited during the meeting. The agreed upon edits and changes will be finalized by the SE Group.

The SE Group will add implementation and tracking metrics to the draft chapter.

To increase the efficiency of the review, SE Group proposed and the PC agreed that SE Group would post a survey for each Aspiration, Goal and Strategy. The survey would ask whether a PC member accepted the draft as is or had comments. The comments would be aggregated.

These documents will form the basis of be used to assist in drafting the respective chapters in the Town Plan Update.

On February 9, the PC will review Housing, Energy, and Flood Resilience chapters, if time permits.

8:30 p.m. Adjournment
